

Head

This is the knowledge we will gain this half term. For example:

- How does blood pump around the body?
- Who discovered the circulatory system?
- What can affect our heart health?
- What is the function of blood?

Lions Year 6 Journey of Discovery Spring 2

Heart

The key values to let our light shine are:

- Forgiveness and Respect

Hand

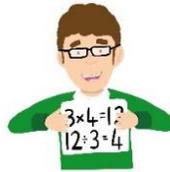

These are the skills we will learn this half term. For example:

- Coding robots
- Pen techniques
- Keeping steady rhythms
- Map reading

Maths

- SATS practice
- Arithmetic
- Multiples, Factors and Primes
- Area and Perimeter
- Fractions, Decimals and Percentages

Beat Again

English

- Suspense narrative
- Setting description
- Reading comprehension
- Grammar foci:
 - Active and passive voice
 - Advanced punctuation

Geography

- Local mapping
- Compass directions
- Route planning
- OS Map symbols

Science

- The heart
- Circulatory system
- Blood functions
- Factors affecting your heart health

History

- William Harvey
- Who is he?
- How did he impact people's lives?

Music

- Percussion
- Pulse drumming

Religious Education

- The Easter story
- Christianity
- To understand the concept of a better world

Computing

- Coding
- Algorithms
- Sphero circulatory system

Art and Design Technology

- Kenal Louis study
- HE-ART work
- Pen techniques
- Designing and creating healthy cereal bars

Spark Day

- Health related exercise
- Kenal Louis work and labelling the heart

Personal Social and Health Education

- Rights and respect
- Democracy

Physical Education

- Disability sports
- Netball/Table tennis

Modern Foreign Languages - French

- Où est...? – Where is...?
- Colours and classroom vocabulary
